PALMER "PASSES THE BUCK"

Thousands of Reds have been arrested in a tremendous spasm of activity on the part of the Department of Justice. It may be that some of them who happen to be aliens will be deported. But those who by birth or naturalization are American citizens must be punished under our penal statutes or set free. That nothing whatever will be done in theway of criminal prosecution is strongly hinted at by Attorney General Palmer, who has issued a statement attempting to clear himself of any charge of inactivity by passing the buck to Congress.

"There exists no reason for further delay," declares Mr. Palmer in seeking to convince the people that he has done his full duty in the matter. "That seditionists should be punished is denied by no loyal citizen, and that our present laws are inadequate is questioned by none familiar with the facts." He then explains that the Department of Justice is unable to proceed because of a lack of statutory definition of the crime of sedition.

It may be that the term "sedition" is not defined in the statutes. But the acts which constitute sedition are fully set forth and drastic penalties provided. So long ago as October 14th Senator Poindexter of Washington called public attention to the statute in some remarks criticizing the Attorney General for not doing his duty under the law in bringing prosecution against certain Reds. Mr. Poindexter pointed to Section 4 of the Criminal Code, reading in part as follows: "Whoever incites * * * rebellion or insurrection against the authority of the United States or the laws thereof * * * shall be imprisoned not more than 10 years, or fined not more than $10,000, or both, and shall, moreover, be incapable of holding any office under the United States."

What amounts to seditious conspiracy is also punishable under the following statute: "If two or more persons in any State or Territory conspire to overthrow, put down, or to destroy by force the Government of the United States. * * * or oppose by force the authority thereof. * * * each of them shall be punished by a fine of not less than $500 and not more than $5.000. or by imprisonment with or without hard labor, for a period of not less than six months. nor more than six years, or by both such fine and imprisonment."

Both of those statutes are as specific as the English language can make them. They both relate to the conspiring or inciting of overt acts against the Government. The overt act does not have to be committed—bombs do not actually have to be thrown—to bring an offender within the statute and make him liable to the penalties prescribed. Probably every one of the individuals arrested in the recent drive is guilty under with each other, and they have disseminated tons of propagandist literature in an effort to incite others against the Government.

The question arises, Why does not Mr. Palmer enforce the law? There can be but two reasons, either his personal disinclination or orders from the White House. In either case the Department's policy of inaction is directly in line with Mr. Wilson's attitude toward radicalism. Some of the leaders in that movement are the President's friends and confidants. Such men as Lincoln, Steffens. Dudley Field Malone, Norman Hapgood. and others of similar mental attitude, have held positions of trust under appointment of Mr. Wilson. The President himself, in his grand scheme for internationalizing the world through his league of nations is but carrying out in an exalted way the internationalization plans of Lenine and Trotsky. In view of the facts regarding the conduct of his own office. Mr. Palmer will have hard work to prove his alibi and shift the burden to Congress.

The days of grace are almost ended. At midnight Friday constitutional prohibition will be an accomplished fact, and then no more sales, unless the vendor wishes to take a chance with Uncle Sam.

WHERE CREDIT IS DUE

The rejoicing that is in the heart of the nation at the final deportion of the two hundred or more Reds was not caused by any vigorous activitty on the part of the administration. The fact that those un-Americans are now on their way to soviet Russia is not the fault of certain government officials in whose hands was the administration of the special laws which declared these persons beyond the pale. To the Committee on Immigration of the House of Representatives is due the credit for this embarkation. The sending away of these persons has been delayed time and time again. There was no certainty that it would ever have taken place if certain federal officials had been permitted to have their way.

DANGEROUS BUDGET CONTROL

The Administration favors a budget that would give the executive branch control. It is easy to see the reason why. The executive branch is always wanting more money and wants no restraint upon its expenditures. On the day Congress reconvened after theholidays the Executive sent in eight requests for additional or supplemental appropriations, after having made its regular recommendations only a month before. Of what practical use its policy of sending to Congress frequent supplementary requests for additional appropriations?

A agreement on the peace treaty is expected by the last of January. And it is going to have reservations or interpretations, whatever you wish tocall them, showing just what the United States believes the pact means. If an i has to be dotted or a t crossed. it will be done. regardless of whether the Preisdent may so desire or not. This treaty must suit the people of the United States. but the Democrats are more anxious to produce something that will meet the approval of President Wilson. However, this country is bigger than any one man in it.

In spite of the fact that bootleg whiskey wa sthe cause of the death of a large number of people during the holidays, there are yet a number of people who are willing to take a chance on any stuff that smells like "likker" regardless of where it is bought. Of course this sort of business will not continue for a great length of time. but it may last long enough to convince those fellows who persist in seeking the stuff that if they stick to the "bootleg" variety it will eventually get them.

Lloyd George says that Australia is entitled to as many votes as the United States in the league of nations because she lost more men in the war. But as Liberia and Mayti. along with a lot of other nations that didn't lose a man. have the same number of votes as either Australia or the United States, or even the United Kingdom and France, Lloyd George presumably hasn't started the real basis of representation in that remark

---

The Union Steel and Wire company has purchased the Hotel Indiana in Donora. the purchase price being $38.000. It is said the employment offices of the steel company will be placed in the building just as soon as possession can be secured and the necessary changes made. Tenants in the hotel have been notified to move. and as soon as the building is empty, the steel company will move in.

The American Steel and Wire Company appears to have some splendid plans. now about to be put into practice, for the benefit of its workmen. Providing warm meals at noontime and at midnight, at a nominal cost, for mill workers, is an undertaking which no doubt will meet with success. It will certainly appeal to the men.

The frequency of burglaries in various parts of the country seems to show a desperate resolve on the part of some people to replenish their exchequers at the expense of those who have. A sort of a direct Bolshevik movement. without regard to the rights of the owner.

The arrest of five thousand radicals engaged in the movement to overthrow the government should be, as the department of justice says it is, enough to break thebackbone of the Bolshevik movement in America. No such haul of anarchists was ever made before in any country.

Those places which came in for considerable notoriety at the organization of our new councilmanic body, gambling places on Fifth street and McKean avenue, it is said, like the Arab, have folded their tents and silently went their way.

American soldiers are said to be scheduled to leave Siberia some time in February. We are supposed to be at peace with Russia, which owns and controls Siberia, but we have been fighting over there just the same.

Prohibition has been a great leveler of the small towns and the big cities by making the cabaret life of the metropolis about as tame as the ham sandwich life of the village restaurant.

Those who have wished for an old fashioned winter cannot complain of the brand which has been handed out for the past month. It comes up to specifications in every particular.

The man who has nothing to advertise is the man who has nothing to sell.

"Man wants but little here below," but he would like to have that little a little lower.

The dollar isn't worth much today, but if you can get enough of them you will be able to struggle along.

The Best Way.

If the show of anything be good for anything, I am sure sincerity is better; for why does any man dissemble, or seem to be that which he is not, but because he thinks it good to have such a quality as he pretends to? For to counterfeit and dissemble is to put on the appearance of some real excellency. Now the best way in the world for a man to seem to be anything, is really to be what he would seem to be. —Tillotson.

Qualities of Precious Stones.

Opals are in certain respects altogether peculiar among gem stones. Whereas other gems such as the ruby the emerald. and the sapphire, owe their colors to mineral elements by which the crystals are stained, the brilliant tints of the opal are due to its structure, ever so many minute cracks reflecting lights at different angles from their edges. An amethyst is quartz crystal of another variety, containing from 5 to 13 per cent of water.

Ungallant Oldtimers.

An old papyrus text recently unearthed in Egypt, shows a strong bias against women. After citing a long series of unfortunate happenings in history, it bluntly charges all of them directly to the conduct and influence of woman. Then it goes on to say that if she have wealth for her ally in wickedness, the evil is double. The last line of the fragment is not entirely legible, but appears to be of the same general tenor.

Sincerity.

Sincerity is the most compendious wisdom, and an excellent instrument for the speedy dispatch of business: it inspires confidence in those we have to deal with, saves the labor of many inquiries and brings things to an issue in few words: it is like traveling in a plain beaten road, which commonly brings a man sooner to his journey's end than byways in which men lose themselves.—Tillotson.

New "Science."

Character reading by waists is a new "science" which has come into being recently. According to a "waist expert," the girl who is possessed of a short waist has a lively, frank and vivacious disposition, is ambitious and very thoughtful of others. The long-waisted miss is economical, but, unfortunately, she is not always the owner of the sweetest of tempers.

LOCAL TEAM TO PLAY CALIFORNIA

Friday evening the Charleroi High school basket ball team will play the California Normal team at California, and a fast game is expected. The local team is determined to take the measure of the Normal quintet, and an exciting game may be anticipated. At the local gym the same evening the girls High school team will play the California girls. The girls' team is a very good one this year and it will be worth while for basket ball enthusiastts to witness this game. It will be called at 8 o'clock sharp.

SMALL FIRE AT THE UNIVERSAL STEEL PLANT

Fire at the Universal Steel company plant between 9 and 10 o'clock last night destroyed the greater part of the carpenter shop located at the south end of the plant. A quantity of lumber was lost in the blaze, along with the greater portion of the building. There was no fire in the shop, and the officials are at a loss to know how the blaze started. The fire company was summoned, and after a short but hard battle, had the flames under control. The company could give no estimate of the approximate damages.

WANT GOOD MAN FOR GARBAGE COLLECTOR

Monongahela wants a good man to take charge of their garbage collection and disposal. It is said that a competent man can make about $5,000 a year out of this proposition if he will only give this personal attention and supervision. Our neighboring city's new administration which went into office on the 5th of January is promising some reforms in affairs of the town, not the least of which is improvement in sanitation.

MONONGAHELA DEFEATS DONORA BASKET BALLERS

The Monongahela High school team defeated the Donora High, at Monongahela, on Monday night, by a score of 29 to 25. In only one period did Donora lead in the contest, the third, when they led by one score. In the final frame Monogahela took the lead, which Donora could not overcome. Monongahela is now leading in the league with two games won and none lost. They will meet the Monessen team Thursday evening.

Mrs. Carried Woodward, who has been a patient in the McKeesport hospital since the 20th of December where she underwent an operation, is improving very satisfactorily, and expects to be able to return home soon.

Uncle Sam did not care for the 2 per cent of German warships and material awarded him, and so told the allies to keep them. America wanted the whole German fleet sank in the depths of the sea, and it looks af if this would have been the best plan.

The Constitution is a sacred instrument; and a sacred trust is given to us to see to it that its preservation in all its virtue and its vigor is passed on to the generations to come. —William McKinley.

Something New.

C-Clear Compound. Positively prevents the formation of mist or steam on eye-glasses. Sold by Forrest A. Pfleghardt, 501 Sixth St., Charleroi, Pa. 186-t6p

GOOD-BYE, WEAK NERVES!

"Nothing wrong but my nerves". We hear it everywhere. Nervousness is a disease. A man or woman might better have a broken arm or leg than a shattered, run-down, nervous system.

Overwork and worry drains the nerve cells of all their strength and vitality; then come the sleepless nights, poor blood, nervousness, worry, and fear, that go with a run-down nervous system.

In cases of this kind, Phosphated Iron rarely fails to strengthen and build up the phosphate-hungry nerve centers. It takes hold right from the start.

The way the majority of people "come back" is remarkable. You can almost see their nerves grow strong, steady and peaceful. Their eyes sparkle, their cheeks are filled out, and flushed with the healthy, ruddy glow that only pure, red, iron-ized blood can give, and their whole system is alive with youth, energy and good spirits.

Phosphated Iron will do all this for old or young if they will give it a chance. Get a box today and watch it build you up.

Ask for Phosphated Iron Capsules. Be sure you get capsules. For sale by

TOWBOAT SINKS IN LOCK NO. THREE

The steamer Sailor of the Vesta Coal company, sank in the inside chamber of Lock No. 3 near Elizabeth, Wednesday evening about 6 o'clock. No one was injured. The boat was in charge of Capt. Harry McGuire and was bound down stream with a tow of loaded coal. The boat was in the best of condition, say members of the crew, when it entered the lock, and so far as they know there was no leak in her hold. When the water in the chamber was lowered, however, to permit the boat to pass out, it was noticed that she was listing, and when the lock gates were opened the boat turned partly over.

It is claimed that a log may have entered the lock simultaneously with the steamer and when the water began to lower the drift became wedged between the boat and the bottom of the lock, puncturing a hole in the hull, which caused her to sink. Work of raising the vessel is now under way, as, until the boat is out of the way, it will be impossible to use that chamber.

HOW ANY GIRL CAN HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with it QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE. Hennings Drug Store, corner Fifth and McKean.

NEW TRIAL REFUSED IN A DAMAGE CASE

A new trial was refused in the case of Josephine Weis of Monongahela, against the Director General of Railroads, in an opinion handed down by the Washington county court. Judgment is ordered on the verdict of the jury. Mrs. Weis had sued the director general as operating the Pennsylvania Railroad for the death of her husband, who was killed by a passenger train, when his auto was struck near the railroad tower in that city.

NEIGHBORING TOWN HAS PLENTY OF DRUNKS

While Charleroi appears to be free from drunks, it is said that topers in Monongahela are having no trouble in getting what they desire in the way of stuff stronger than 2.75 per cent. Mayor Allen, recently inducted into office in that city, has held a number of hearings the past week to dispose of drunk and disorderly cases, and as theprice of everything else has gone up, including the drinks, the Mayor is not failing to impose a stiff fine on those who offend against the law. However, after the 16th he expects that a material falling off in such cases will take place.

Card of Thanks.

We wish to thank the Masonic Order, the P. H. C., neighbors and friends who so kindly assisted us during our hour of sorrow, the death of our dear Father and Husband. Also for the beautiful floral tributes.

Mrs. Frank Bly and Children. 188-t1p

$5 Per Share

FULLY PAID AND NON-ASSESSABLE

MANAGTMENT

MR. S. J. BRENDEL, President, is one of the leading lights in the McKeesport gas fields and is looked upon by all who know him or have ever had business dealings with him as a man in whom to place implicit confidence. His knowledge, acquired by experience in the gas and oil fields, and his reputation of high character and established capacity, qualifies him thoroughly as aman to be depended upon to protect the investors' interests at all times.

MR. J. E. VOGEL, Vice President, has had a wide practical experience in the gas and oil industry. He is one of McKeesport's oldest residents, and his business career has particularly fitted him for the position he now occupies.

MR. B. RICHARDS, Secretary and Treasurer, with the Hartman Hardware Co., of McKeesport. A technical man. His business career has enabled him to make a long and exhaustive study of financial and legal matters, as well as corporation management, which thoroughly qualifies him for his position of responsibility.

MR J. S. MACK, Director, is president of the Murphy 5 & 10 cent stores. A chain of over 30 stores in Pennsylvania. He has proved his ability as a director of big business.

MR. CLARK, Director, is assistant treasurer of the McKeesport Tinplate Co. His position of responsibility thoroughly qualifies him as a director toprotect the investors' interests in the McKeesport Oil and Drilling Co.

MR. E. HOEY, Director, is building contractor of McKeesport, and considered one of McKeesportt's oldest business men.

MR. S. J. CHILDS, Director, Mr. Childs is a local merchant of high standing in McKeessport His prominence in thelocal field again assures us prompt action and good business judgment.

We respectfully advise all stockholders to hold their shares when No. 1 comes in and the open market begins bidding for theshares.

THE CHARLEROI MAIL

VOLUME XX—NO. 188 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, THURSDAY, JANUARY 15, 1920 TWO CENTS

WILL OF THE LATE THOMAS LILLEY MAY BE CONTESTED

Two Caveats Filed Against Having the Will Pro-Probated

HAS SOME PECULIAR FEATURES

Thomas Lilley, president of the Lilley Coal and Coke company at the time of his death a few weeks ago in East Pike Run township, left an estate which is valued at $2,500,000. This estate consists of $500,000 personality and $2,000,000 in real estate. He held the controlling interest in the Lilley Coal and Coke company, which operates an extensive mine at West Brownsville, and which has large holdings in real estate there as well as near Washington.

There promises to be litigation before the estate is settled. A will, said to be rather odd in makeup and bequests, has been left with the register for probate. To it, however, two caveats, protesting against the probate of any will until it has been duly examined and inquiry made into the same, have been duly filed.

One caveat has been filed by Walter and C. R. Lilley, nephews. They also seek to have letters of administration issued to them. A second caveat is filed by W. H. Ulery of Washington, who says he is interested in the personal estate. Hearings will have to be held to determine whether or not the will filed will be admitted to probate.

The will filed is dated December 18, 1918, and the first item sets forth that Thomas and Jacob Elliott, who are nephews, are not to cut any thrifty wood in the Bailey woods. He next sets forth that these two nephews shall be given $2.000 each year to be used in burning lime to be put on the farm.

He directs that Thomas Elliott be made president of the Lilley Coal & Coke company, and that he be given 200 shares of stock in the company be given to him in addition to what he already holds. Other shares of stock are bequeathed as follows: John H. Moffitt 20. Simon U. Ross 15 and Samuel Monyer 15. He directs that the stock held by him be held in the estate and be not transferable, and that the mines berun and operated as they were p rior to his death.

He directs that Jacob Elliott live on the farm and be given $1.500 a year to manage it. He expresses the wish t hat an heir always live on the farm and that it be not rented. He makes a condition that if Jacob Elliott does not want to live on the farm he be cut off without anything and that other bequests to him be null and void. In case Jacob Elliott refuses to live on the farm, then Thomas Elliott is to live there, and if he refuses to comply with this condition he isto be cut off, all bequests made to him are to be null and void.

Other bequests are made and he also directs after 99 years the estate be divided between the heirs of Jacob and Thomas Elliott. Thomas and Jacob Elliott are named as executors.

COLD WAVE MAY GIVE RIVERMEN MORE TROUBLE

The cold wave which arrived last night threatens to make more trouble for the rivermen. This morning the river was almost covered with a thin scum of ice, and if the cold spell continues, the stream may be frozen over again. In the meantime steamers are very active, and large quantities of coal are being towed from the upper pools to plants in the vicinity of Pitbsurg.

ISSUES CALL FOR ANNUAL MEETING

A call has been issued for the annual meeting of the stockholders of the Charleroi Independent Telephone company, to be held at the company's office, at 2 o'clock on the afternoon of January 20th. At this time the annual election of directors will take place and a statement of the year's business will be made. The company also announces the sale of the Independent Telephone Construction plant at Bentleyville, to the Bentleyville Telephone company, which was transferred a few weeks ago. The Bentleyville company has about 400 subscribers on its lines, and has connections with the Bell company.

CHANEY—GASS NUPTIALS SOLEMNIZED WEDNESDAY

On January 14, 1920, at 2:30 p. m., at the Methodist Episcopal church, Charleroi, Pa., the marriage of Miss Elizabeth E. Chaney daughter of Mrs. Elizabeth Chaney, and Roland K. Gass, son of Mr. and Mrs. Charles Gass, was solemnized by the Rev. E. H. Greenlee. The bridal party included the bride's sister, Miss Margaret Chaney as maid-of-honor and Joseph L. Gass, a brother of the groom, as best man. Following the services a wedding dinner took place at the home of the bride. Immediately after the dinner the couple left for an extended trip through the East, at the conclusion of which Mr. and Mrs Gass will reside in Charleroi. After making the trip to Donora to evade their friends the bridal party after being comfortably seatted on the train, were somewhat surprised by quite a shower of rice from a party of Charleroi friends who followed them to Monongahela.

EMPLOYES OFFERED STOCK IN CORPORATION

The United States Steel Corporation again has offered to its employes on the partial payment plan 60,000 shares of common stock, at $106 a share. it was announced on Wednesday.

Pay Tax on Your Dog, or Otherwise It May Be Killed

The edict has gone forth that all unlicensed dogs found in the borough after today will be killed. According to the state law all license fees must be paid on dogs of all kinds on or before January 15th of each year. All such animals without the proper and necessary license tag after that date will be taken up, and unless promptly redeemed, will be disposed of. Constable Corey reports that but comparatively few dogs have had the license fee paid so far this year, and that under the provisions of the Act of Assembly governing in such cases he is compelled to take immediate action. This should be sufficient warning, therefore, to any and all of those who have not paid tax on their dogs to make application at once, otherwise there will be a general round-up and all dogs without license tags taken wherever found.

The Department of Agriculture gave notice from Harrisburg on Wednesday that it proposes to vigorously enforce the dog license code after today, when the period of grace for renewal of licenses expires. Secretary Rasmussen says that "after that date all unlicensed dogs will be regarded as outlaws and may be killed."

RAID PLACES WHICH SELL JAMAICA GINGER

Officers made araid on establishments in Bentleyville, on Wednesday, supposed to be selling Jamica ginger for its intoxicating effects. Proprietors of four places have been placed under arrest. Officers taking part in the raid were Sergeant Jimcouskey of the State police; Constable Elmr Jericho of Monongahela, and Constable W. W. Richardson of Bentleyville. Large quantities of Jamica ginger have been sold in Bentleyville recently, it is reported, and several large shipments were received only a short time ago. The raid was continued late last night.

REVENUE AGENTS ARE VERY ACTIVE

Revenue agents who have been woking in this section of the valley for the past couple of weeks, made their presence known in Monessen on Saturday last, when they entered a place in that town and purchased two bottles of beer. They discovered that it contained more than one-half of one per cent alcohol and immediately confiscated two other bottles of the liquid as evidence. It is stated that a detachment of revenue agents have established headquarters in Brownsville, and a part of the detachment is located at Donora and have charge of this district. They are keeping a close tab on all violations of the wartime prohibition.

BOLSHEVISM AS A MENACE TO ALL

Wednesday night, in the revival services at the Washington Avenue Presbyterian church, Rev. John R. Burson thrilled his hearers with his recital of the triumphs of christianity."

"The Christian religion centers in a person and no one can minimize his influence on the life and teachings of the past. But today, a spectre is looming over the world that forbodes evil, for Bolshevism is an enemy indeed. With our means of communication, no one should think that the plague would stay in Russia For we know today that Bolshevism is a military power that seeks territory and that threatens, not only existing governments, but civilization as well. It would destroy the material evidences of chistianity and strike at religion itself. So every patriot should rally to the call of his church for while the church stands a just pillar of organized society, so christianity can ever supply the needs of society, for it centers in a Christ who had compassion on the multitude and who loves every one. We must rebuild the destroyed churches and schools and combat the red plague with intelligence and christian propaganda, if for no other reason than that of self defense."

TIME FOR AUTO TAGS IS AGAIN EXTENDED

Motor tags for 1919 are good until midnight of January 31. Owing to the many applications which have flooded the Harrisburg office the time originally extended from January 1 to January 15 is now extended again according to information from the State Hoghway Department.

How society and a man drove a woman to a tremendous sacrifice. See it in "Should a woman Tell" Monday and Tuesday at the Coyle Theatre. 187-tf-*

PAY DIVIDENDS IN "LIQUID" ASSETS

The near approach of constitutional prohibition, which will become effective beginning Friday midnight, is causing quite a flurry among the owners of liquid goods, and arrangements are now being made to fill up private stocks, wherever possible. In order to dispose of stocks on hand, it is said that b reweries are declaring a "liquid" dividend, and stockholders are being supplied with quite a quantity of wet goods. In one near-by town it is said that 400 barrels of beer have thus been disposed of and stockholders in the corporation will be provided with their share before tomorrow evening. The brewery building may be turned into some other line of endeavor, an offer already having been made by a couple of promoters who wish to start a laundry.

CHARLEROI MAN IS WEDDED IN WASHINGTON

On Wdnesday at 1 o'clock, at the Hill church manse, Miss Ella L. Ryan of Washington, and Thomas H. Myers of Charleroi, were quietly united in marriage. The ceremony was performed by Rev. Paul Miller, pastor of the Hill Presbyterian church of near Canonsburg. Mrs. Myers is a daughter of Mr. and Mrs. John Ryan of Washington and until recently an employe of the A. B. Caldwell company of that town. Mr. Myers is a partner in the firm of Campbell, Myers & Dixon, Gas & Oil company, of Charleroi, and has large holdings in the McKeesport district. Immediately following the ceremony, Mr. and Mrs. Myers left on a wedding trip to Buffalo, New York, Niagara Falls and Canada.

Elizabeth D. Pfile

Elizabeth D. Pfile died Wednesday at 11:15 a. m., at her home, Smith stop, Maple creek road, aged 56 years. Funeral services will be held Friday afternoon at 2 o'clock, from the home of her son Waltetr, interment in Maple creek cemetery.

See how a fisher girl who loved too impulsively fell prey to smart society in "Should a Woman Tell" Monday and Tuesday at Coyle Theatre. 187-tf*

OFFICER WHITEMAN DIES FROM WOUNDS INFLICTED BY ROBBERS

PECULIAR COINCIDENCE IN A DOUBLE ROBBERY

An unusual pair of burglars are reported in which burglars in North Belle Vernon and highwaymen in Orlanda, Fla., 1,000 miles apart, operated on E. L. Sears in both instancess. Mr. and Mrs. S ears have been wintering in Florida. Several days ago Mr. Sears was held up in Orlando and relieved of $250. The same night his home in North Belle Vernon was entered and robbed.

Operation at South Side Hospital Fails to Save His Life

WAS EMPLOYED BY VESTA CO.

Officer G. W. Whiteman, who was shot by burglars early Thursday morning while they were attempting to rob the postoffice at Daisytown, died at the South Side hospital Thursday night from the effects of his wounds. The officer was shot twice, once in the left breast and the second wound through his abdomen. Physicians summoneed to care for him after he was shot, had him sent to the hospital in Pittsburg on the early passenger train Thursday morning, where he was operated on in the hope of saving his life.

Officer Whiteman was employed by the Vesta Coal company and had a room across the street and but a short distance away from the postoffice. When the burglars attempted to open the safe by a charge of nitro-glycerine he was awakened by the noise and immediately decided to investigate. He got up and dressed and went toward the post office, where he saw four men. One or more of them opened fire on him, two bullets striking him. The robbers, two of whom were described by officer Whiteman as being tall and two of medium height, then made their escape, going in the direction of California.

Postmaster C. L. Fox and Constable John Young also were soon on the scene, but the burglars had made their get-away before they arrived. Attention was then given to Whiteman, who it was seen was seriously wounded. The door of the safe had been blown off, but the inside door held and the robbers were unable to open it before their hasty departure. They got practically nothing of value. Thursday afternoon Postcaster Fox notified the federal authorities, and it is expected that a representative of the government will be on hand today to make an investigation. Officer Whiteman's family lives in Altoona.
